RE: Amendment 23 to the Tennessee STIP  
Amendment 5 to the Nashville TIP  
Nashville Metropolitan Planning Organization

Dear Ms. Crenshaw:

We are requesting approval of the attached Amendment 23 to the Tennessee STIP. The attached amendment is for the Nashville MPO FY 2008-2011 TIP; TIP Project # 99-NEW-14; Old Nashville Highway – City of La Vergne, Rutherford County. The action was to install a traffic signal and turn lanes at the intersection of Old Nashville Highway and Stones River Road in the La Vergne, Rutherford County.

The following information is included:

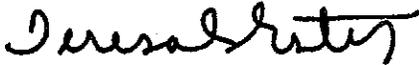

1. A memorandum from the MPO listing the amendment being made. The letter states that the changes leave the plan fiscally constrained.
2. A resolution, properly signed by the MPO Chairman of the Executive Board.
3. Individual project sheets and fiscal summary sheets with project description and background.

The Nashville MPO has provided documentation that the public involvement process was followed and this amendment will leave the TIP fiscally constrained. This amendment to the STIP contains all of the modified pages reflecting the changes to the above amendments that were made to the Nashville TIP. A fiscal summary report is attached for the single TDOT project.

Based on a review of the attached material, we believe that the MPO has followed appropriate procedures and met all requirements necessary to permit approval of this amendment and request your concurrence with this assessment.

I trust this information is sufficient to allow approval of the presented amendment. If we need to provide any additional information please contact Van Stovall at 615 741-5311 or [van.stovall@state.tn.us](mailto:van.stovall@state.tn.us).

Sincerely,

Teresa Estes  
Transportation Coordinator
