Mr. Michael Skipper  
Director  
Nashville Area MPO  
800 Second Avenue South  
Nashville, Tennessee 37201

RE: FTA approval for Amendment #11, 5317, 2008 FY New Freedoms  
Bucket, TIP # 2008-85-093 and 5316, 2008 FY Job Access and Reverse  
Commute (JARC) Bucket, TIP # 2006-402

Dear Mr. Skipper:

Below is approval from FTA for the above two mentioned project. Please accept  
this as approval to begin work on these projects.

FTA has reviewed the Nashville Area proposal to amend the State  
Improvement Transportation Program 2008-2011. We find that this project  
provides fiscal constraint, is exempt from air quality conformity and  
meet the requirements of the National Environmental Policy Act 40CFR 93  
126. FTA concurs that the MPO has followed procedures and has met all  
requirements necessary to permit approval of the amendment.

Abigail Riveria, Community Planner

Should you need anything, please let me know.

Sincerely,

A handwritten signature in blue ink that reads 'Susan B. Ralph'.
