Description: Installation of ITS infrastructure within the City of Franklin. CCTV, DMS, Weather, Communication and connect to TDOT & Brentwood systems.

Background: Funding for this project is being made available through the American Recovery and Reinvestment Act (ARRA) of 2009.

Additional ARRA funds were shifted to this project following the decision from a previously funded project of not using the ARRA funds. The Nashville Area MPO Executive Board adopted the process of moving funds to the next in line projects, if needed, for expenditure of ARRA funds.

ES funding will be used for phase 1 of the ITS project.
