Description: Safety related intersection improvements.

Background: This is a new project to be included in the FY 2008-11 TIP. All funds are City of Franklin local funds.

This project was originally awarded \$1,000,000 in ARRA funds but the city decided to fund it locally. The ARRA funds have been shifted to the next in line projects following the process adopted by the Nashville Area MPO Executive Board for expenditure of ARRA funding.
