Description: Operating funding for MTA to provide local bus transit services to the Nashville Area.

Background: This is an existing project in the FY 2008-11 TIP. The project was originally created through the Supplemental Appropriations Act for 2009 legislation that allowed transit agencies to convert up to 10% of stimulus funding to cover operating costs. MTA elected to convert 10% of ARRA funds and transferred \$926,000 from TIP #2009-15-015 - *MTA Bus Maintenance Facility* for that purpose.

MTA is shifting those funds back to their building rehabilitation project and deleting this project from the TIP.
